IMPORTANT INSTRUCTIONS – PLEASE READ AND FOLLOW **PRIVATE INVESTIGATION AGENCY****

Applications are accepted by mail or drop off only. Applications must be accompanied by a legible, notarized copy of your driver's license, one fingerprint card with classifiable fingerprints, applicable fees and one color passport photograph or a color facial photograph.

Please allow at least 15 business days after submission of your application before calling the Licensing Unit, repeated phone calls will only slow down your application process.

QUALIFICATIONS

The qualifying party must meet the criteria listed in Arizona Revised Statute §32-2422 (A).

All partners, LLC member/managers, and corporate officer/directors must meet the criteria listed in Arizona Revised Statute §32-2441(A).

WORK EXPERIENCE

The qualifying party must provide written documentation verifying three years of full-time investigation experience. Written documentation can be provided in two forms:

- a. Letter(s) from previous employer(s) verifying at least three years full-time investigative work experience.
- b. Documentation verifying at least 6,000 hours of investigative work experience.

You may also submit documentation from an agency from which you retired or were previously employed. This documentation may be in the form of retirement papers, performance evaluations, or military records such as DD 214, NCOERs, OERs, etc. (a DD 214 alone is insufficient evidence - we also need the copy that shows the type of discharge received). The document must explicitly state that you have the required investigative experience from **verifiable** sources. Failure to provide sufficient documentation of your experience from appropriate sources will result in the rejection of your application.

APPLICATION

Please submit a private investigation agency application for the qualifying party and a private investigator registration application for every partner, LLC member/manager, and corporate officer/director. Each applicant must specify the purpose of the application by marking the appropriate box in the Private Investigation Agency or Private Investigator column. All applications must be filled out completely and the agency (qualifying party) application must be signed before a notary public. If the qualifying party's (agency) application is not signed before a notary public, fingerprint card is not submitted or fees are incorrect the application will be returned without further action. Applications that are otherwise incomplete will be accepted and the qualifying party will be advised of the items that need to be completed before the license can be issued.

AGENCY APPLICATION: SECTION G GENERAL

Describe the **specific** nature of the investigative services the agency intends to perform.

REGISTRATION APPLICATION FOR ASSOCIATE(S)

If the agency has associates, the qualifying party must mark the associate application block in the private investigator column of the private investigator registration application and then complete and sign the employer/licensee section of each associate's application. The associate must complete the employee/applicant section of the application and sign it.

FINGERPRINTS

Fingerprints may be taken at law enforcement agencies, commercial enterprises or private parties that administer fingerprints. The person administering the fingerprints does not have to be certified, but does have to sign the appropriate box on the fingerprint card. **Classifiable** fingerprint cards of all applicants must be submitted with the application. Criteria for classifiable fingerprints are listed on the back of the card. Fingerprints, which are not classifiable, will be returned with the application and fees. Do not use highlighter, fold or bend the fingerprint card. If you must fold the card, ensure the fold is along a blue line.

AUTHORIZED SIGNERS

The qualifying party can designate employees who are authorized to sign employee registration certificate applications. This designation must be submitted to the Licensing Unit in writing and must include a sample signature of each designee. Only the qualifying party may designate authorized signers.

BOND

Do not obtain a bond until you have been notified by the Licensing Unit that you are approved to become an agency. The \$2500 bond shall be executed by a corporation licensed to transact fidelity and surety business in Arizona and signed by the qualifying party as the principal. The bond shall be continuous in form and run concurrently with the two-year period of your license. The bond shall be in favor of the state for the benefit of any person injured by any acts of you, your agency, or your employees and is subject to claims by any person who is injured by these acts.

WORKERS COMPENSATION INSURANCE

Do not obtain a workman's compensation policy until you have been notified by the Licensing Unit that you are approved to become an agency. Workers compensation insurance coverage must be in force whenever the agency has employees. An employee waiver of coverage does not relieve the employer of the requirement to obtain the insurance. The certificate of insurance must indicate that the Arizona Department of Public Safety, Licensing Unit, P.O. Box 6328, Phoenix, AZ 85005-6328 is a Certificate Holder. A current certificate must be filed with the Licensing Unit upon each renewal of the coverage. *Out of state insurance companies must certify that the coverage they provide extends to Arizona.*

RESTRUCTURE

If you change your agency name or structure (e.g. sole proprietorship to partnership, or partnership to LLC, or corporation, etc.), the qualifying party must notify the Licensing Unit and submit a restructuring application, appropriate documentation and fees. Restructuring fees will be waived if the restructuring occurs at the same time the agency license is renewed. A change of qualifying party cannot be accomplished by restructuring since the agency license is not transferable or assignable.
